

# Resources to Support Pesticide Selection

**Tuesday November 3, 2009 in McMinnville, OR**

**Workshop 9 AM to Noon**

**Optional lunch and discussion Noon to 2 PM**

**Yamhill County Extension Office  
2050 NE Lafayette Avenue, McMinnville, OR**

The purpose of this workshop is to:

Demonstrate new decision making tools and review information sources that may be taken into account when considering specific pesticide selections for your farm

**Recertification credits: 4 ODA credits and 4 CCA credits**

9:00-9:35 AM	<b>Introduction to pesticide selection</b> Paul Jepson, Integrated Plant Protection Center, OSU
9:35-10:05 AM	<b>Pesticide residue detections in surface waters in your watershed</b> Kevin Masterson, Oregon Dept. of Environmental Quality
10:05-10:20 AM	Break with refreshments
10:20-11:00 AM	<b>Understanding pesticide fate and behavior in the Pudding Watershed</b> Phil Janney, OSU
11:00-Noon	<b>PRiME: a new USDA-funded pesticide risk assessment and risk mitigation tool</b> , Tom Green, IPM Institute (3 credits until noon)
Noon-2 PM	<b>Lunch with discussion</b> and interactive demonstrations of the PRiME model – you can select the crop, inputs and other factors relevant to your farm (1 credit)

**TO REGISTER or for more information** call Mary Halbleib at 541-737-2683 or email at [mary.halbleib@oregonstate.edu](mailto:mary.halbleib@oregonstate.edu) by October 29th and provide your name, the workshop location and if you are staying for lunch and want a lunch ordered for you (lunch cost will be \$10).
